Customized, Automated CMMC Documentation On Demand, Unlimited Regenerations

Artemis generates your SSP, gap analysis, and POA&M in 24 hours from your actual configurations — not generic templates. Your team reviews and refines instead of starting from scratch. As your environment changes during remediation and beyond, **regenerate on demand with no revision fees.**

Three Paths to CMMC Compliance: 3-Year Documentation Cost

	MSP	DIY + Consultants	DIY + Artemis
Initial SSP	Included in setup MSP uses templates	\$75K-\$150K 6 months of consulting	\$5K 24hr draft, 1-3wk review
Revisions During Remediation	Included in monthly fee MSP updates	\$15K-\$40K 3-5 changes × \$5K-\$10K each	On Demand Included
Annual Updates (Yr 2-3)	Included in monthly fee Ongoing	\$30K-\$60K \$15K-\$30K/year	On Demand Included
Re-certification (Yr 3)	Included in monthly fee MSP handles	\$30K-\$50K Rewrite entire SSP	On Demand Click regenerate
3-Year Documentation Cost	\$252K-\$360K \$7K-\$10K/mo × 36 months	\$150K-\$300K Plus remediation & tools	\$15K Plus remediation & tools
Best For	<25 users Urgent timeline, weak IT	Complex orgs Unlimited budget	10-1,000+ users Own your infrastructure

MSP and Artemis cost about the same over 3 years — but with Artemis you own your infrastructure and build internal capability instead of renting compliance forever.

What's Included vs. What You Still Need

- ✓ Artemis Provides:**
- ✓ SSP auto-generation (OSCAL + Word)
 - ✓ Prioritized POA&M with remediation guidance
 - ✓ Evidence mapping and organization
 - ✓ Regenerations on demand as environment changes
 - ✓ Gap analysis → 110 NIST 800-171 controls
 - ✓ Action items exportable to Jira/ServiceNow
 - ✓ Updates when CMMC regulations change

- You Still Need:**
- Security tools for remediation (\$150K-\$300K)
 - C3PAO assessment fee (\$30K-\$75K)
 - Staff time to fix actual gaps (3-6 months)
 - Human review of all Artemis outputs

CMMC Pathway to Certification

Total Target: 30 Days to Assessment Ready + 2–3 Months to Certification

 CMMC Phase 1 (effective Nov 2025) includes Level 1 & Level 2 self-assessment. Phase 2 (effective Nov 2026) mandates Level 2 C3PAO certification for contract award. This pathway assumes CUI is identified, a rational enclave is defined, and basic security tooling is in place.
